

2011 Property Tax Rates in City of Spring Valley Village

This notice concerns the 2011 property tax rates for City of Spring Valley Village. It presents information about three tax rates. Last year's tax rate is the actual tax rate the taxing unit used to determine property taxes last year. This year's *effective* tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's *rollback* tax rate is the highest tax rate the taxing unit can set before taxpayers start rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

Last year's tax rate:

Last year's operating taxes	\$3,556,513
Last year's debt taxes	\$0
Last year's total taxes	\$3,556,513

=This year's effective tax rate	\$0.539860/\$100

(Maximum rate unless unit publishes notices and holds hearings.)

This year's rollback tax rate:

Last year's adjusted operating taxes (after subtracting taxes on lost property and adjusting for any transferred function, tax increment financing, state criminal justice mandate, and/or enhanced indigent healthcare expenditures)	\$3,548,846
÷ This year's adjusted tax base	\$657,363,326
=This year's effective operating rate	\$0.539860/\$100
x 1.08=this year's maximum operating rate	\$0.583048/\$100
