**SUBJECT: Traffic Pattern Changes on Bingle Road Starting November 13, 2023**

Dear Spring Valley Village Resident,

The City of Spring Valley Village is coordinating with the City of Houston to implement a “Road Diet” that will restripe Bingle Road from four lanes to three lanes from West Memorial Park Drive through to Long Point Road to create a safer and more efficient flow of traffic from I-10 to Long Point Road.

On November 13, 2023, the traffic pattern changes on Bingle Road will begin. Texas Lone Star Pavement Services, LLC. will start with the removal of existing lines and installation of temporary reflective ‘tabs’. Then, they will lay out and install the center turn lane, then sidelines, then arrows, crosswalks and other necessary auxiliary items.

Traffic control will be comprised of a rolling barricade where traffic will be directed around the equipment and work area.

The Road Diet will result in one northbound lane, one southbound lane, and one continuous center turn lane.

For more information, please contact Public Works Director Kristina Watson by email to [kwatson@springvalleytx.com](mailto:kwatson@springvalleytx.com) or by phone at (713) 465-8308.
